SOP encourages these efforts by survivor participation, current studies and real-time conversations through community grassroots agendas. Our goal is to eliminate the inherent fear and silence about breast cancer and replace it with knowledge about TNBC that is prevalent in the African American community. Finding a cure and the prevention of breast cancer is our ultimate vision.

Dallas County	**Texas Hope Literacy**	**Education**	2121 West Airport Freeway, Suite 480, Irving, Texas 75062	972-514-1520	www.texashopeliteracy.com	provides inmate reintegration programs in both jails and prisons. The mission is to transform offenders through the HOPE Community Reintegration Models using peer driven education within an evidence-based framework in order for them to re-enter society as productive and contributing members of their communities. These models are specifically designed to target recidivism, remediate the functionally illiterate prison population and provide them with the tools they need to be successful on their post-release. The HOPE Reintegration Models create safe communities where inmates can live, learn and grow together. Training and modeling appropriate actions, attitudes, and behaviors that they practice prior to release is much more effective than warehousing. The integrated design of peer tutoring is unique within the jail/prison settings; even more powerful when it is in concert with facilitated life skills, education centers and spiritual development courses that employ a holistic approach.

There is a great demand for housing assistance in El Paso. HACEP typically has a waiting period of two to six years before applicants may receive housing assistance. In order to qualify, residents must earn less than 80 percent of the area median income, which is about $39,000 per year for a family of four. However, most of our clients are considered to be extremely low income because they earn less than 30 percent of the area median income. For that same family of four, that is about $15,000 per year. To address this need, HACEP has developed one of the largest and most comprehensive affordable housing programs in the country. Please click on the program below to find out exactly how these programs work and the populations that they serve. **For Homeless Civilians:** This is a transformative, grant-funded initiative to assist chronically homeless, disabled individuals. **For Seniors:** HACEP provides a variety of housing options for individuals and families above the age of 62. **For Domestic Farm Laborers:** In order to qualify, applicants must be a domestic farm laborer or a retired or disabled domestic farm laborer.

U.S.VETS work re-entry programs are designed to help veterans obtain and maintain employment. The programs address a variety of barriers veterans experience to employment, including lack of job skills, life skills, mental health and substance abuse issues. U.S.VETS has both residential back-to-work programs, and Career Centers that offer employment assistance to all veterans. Assistance with substance abuse - provides a safe, sober environment, counseling and the support veterans need to remain drug and alcohol free. Daily classes in relapse prevention and drug education are offered that help build skills to maintain sobriety and to understand the biological mechanisms involved with addiction. Supportive Services for Veteran Families (SSVF) is a grant program operated by U.S.VETS that helps low income veteran families find affordable housing, or provides assistance to help them stay in their current home. The program focuses on homeless prevention and housing stability, as well as rapid re-housing of homeless veteran families. The program offers case management services, rental assistance and deposit, utility assistance and deposit, transportation in the form of bus passes, child care financial assistance, legal assistance, and moving costs.

We distribute condoms to area gay bars, local organizations serving the gay community, and through our Condom of the Month program. **Rapid Connect Program** - conducts free rapid HIV testing and linkage to care for those living with HIV. The primary focus of our program is expanding access to HIV testing for the gay community, but we test anyone who needs it. We use the INSTI Rapid HIV test so you have your results in 1 minute. Testing is conducted from 9:30am – 5:00 pm Monday – Friday, and until 7:00pm on Mondays and Thursdays. In addition, we test at community events and in area gay bars. **iPlay** -is the "friends don't let friends drive drunk" of HIV prevention. This two-session program equips local leaders in the gay community to talk with and educate their friends about HIV and the importance of playing safe. The program has been proven to be effective in reducing the spread of HIV in the gay community. HELP is the only program in Texas chosen to conduct this nationally recognized strategy. **STI Coalition** - develops and maintains collaborative relationships between representatives of the communities most affected by syphilis and gonorrhea and local health organizations. The Coalition designs strategic public health awareness campaigns to 1.) Increase public awareness of STI transmission, 2.) Increase both routine and extra-genital testing and treatment of STIs, and 3.) Provide strategies for individuals to reduce their risk of contracting
