Mississippi Reentry Guide

Dear Reader,

On behalf of the Mississippi Reentry Council, The Foundation for the Mid South is pleased to produce the Mississippi Reentry Guide. It is the hope of the Reentry Council that this directory will serve as an effective resource for those reentering communities throughout the state of Mississippi. The Reentry Council understands the many obstacles that returning ex-offenders face as they reintegrate into their families and neighborhoods. While these obstacles make reintegration difficult, there are many services and resources throughout the state of Mississippi that work to make this transition successful for ex-offenders, their families, and the communities to which they are returning.
This directory is designed to connect people to services. It includes resources from national, state, and local agencies with the goal of being as comprehensive as possible. However, some information may prove to be missing. The information for each organization in the printed version and on the website has been provided by the service provider or from the organization's website. While every effort is made to provide current and accurate information for the agency descriptions and hours of operation, it is recommended to call the agency to verify the information before visiting. The editors cannot and do not vouch for the accuracy or quality of service available.

If you are aware of resources or organizations that should be added to the directory please see page 195 for the Agency Update/Addition form.

Please direct any questions about the directory to: MSreentryguide@fndmidsouth.org

The mission of the Foundation for the Mid South is to invest in people and strategies that build philanthropy and promote racial, social, and economic equity in Arkansas, Louisiana and Mississippi. The Foundation for the Mid South was established to bring together the public and private sectors and focus their resources on increasing social and economic opportunity. The Foundation focuses on strengthening four priorities that, we believe, are the bedrock for prosperous communities and a strong region including Education, Wealth Building, Community Development, and Health and Wellness. This directory is part of the Foundation's community development portfolio.

Federal Student Financial Aid consists of Stafford Loans, PLUS Loans, Consolidation Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), Federal Work-Study, Federal Perkins Loans, and Pell Grants. Visit the FAFSA website to apply for aid.
Financial Aid Eligibility for People with Felonies

It is a misconception that no ex-offenders are eligible for financial aid. The first step to getting federal financial aid is to fill out the Free Application for Federal Student Aid (FAFSA). The FAFSA helps determine if you can get financial aid. It also determines how much aid you are eligible to receive.

To be eligible to receive federal student aid, you must meet these requirements:

- Be a U.S. citizen or eligible non-citizen
- Have a valid Social Security Number (unless you're from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau)
- Comply with Selective Service registration, if required
- Have a high school diploma or a General Education Development (GED) Certificate or pass an approved ability-to-benefit (ATB) test
- Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program at a school that participates in the federal student aid programs

Other requirements:

- You must not owe a refund on a federal grant or be in default on a federal student loan
- You must have financial need (except for unsubsidized Stafford Loans)
- You must not have certain drug convictions

Drug convictions:
A new law suspends aid eligibility for students convicted under federal or state law of sale or possession of drugs. If you have been convicted of drug possession, you will be ineligible for one year from the date of your conviction after the first offense, two years after the second offense, and indefinitely after the third offense. If you have been convicted for selling drugs, you will be ineligible for two years from the date of your conviction after the first offense, and indefinitely after the second offense. If you lose eligibility, you can regain eligibility early by successfully completing an approved drug rehabilitation program. The FAFSA Drug Conviction Worksheet will help you determine your eligibility. The worksheet will direct you to complete the FAFSA online. If you have any non-drug related conviction, you are still eligible for federal student aid.

Crossroads Ministry helps women who find themselves in a time of transitions. Our home is a place of refuge in the storm where women can put the pieces of their life back in place. It's a two-step program. First is where women come in from prisons, treatment centers, or abusive situations where they find a safe and positive environment for up to 120 days. The second phase places more independence on the women and supports and encourages them to find jobs, start paying rent, and prepares them to live on their own.
