Categorized as: Ex-Offender Reentry Programs
Description: STRIDE (Skills, Transition, Respect, Integrity, Direction, Employment) is a state funded transitional support workforce development program operating within the Quinebaug Valley Community College's Community Engagement Department. The STRIDE Program serves a targeted group of incarcerated men and women, both pre- and post-release, from four correctional facilities in Connecticut: Bridgeport Correctional Center in Bridgeport; Niantic Annex Correctional Institution in Niantic; York Correctional Institution in Niantic; and Corrigan-Radgowski Correctional Center in Uncasville.
STRIDE is designed to provide participants with job readiness, job search, job placement, and job retention skills and support that will promote access to higher paying, personally relevant jobs.
Participants receive one-on-one counseling and group support as well as pre and post-release case management services. In addition, community transition plans address barriers and needs regarding housing, transportation, clothing and family reunification.

OTHER INFORMATION:
The class curriculum and post-release services are collaboratively designed to assist the men and women in successfully re-entering the workforce upon release and to resume their parental roles. If you were recently released from incarceration, these additional resources will help you find services and programs that you may need.

BE PREPARED!

If you left your ID at the correctional facility, call the Department of Correction at 860-692-6831 to see if you can obtain it. At the end of this guide there is a section on "How to Replace Documents When You Have Lost All Your Identification Cards".

Note that if searching for shelters, some of the shelters and drop-in centers may require medical information, such as proof that you've had a tetanus shot, and a tuberculosis-free test result. These medical records are obtained from the nursing supervisor at the correctional facility. This guide also includes an "Immunization - Adults" section that lists facilities that provide immunizations.

United Way 2-1-1: You can find information about additional resources that are available by using the 2-1-1 online website, or by calling 2-1-1 and talking with a call specialist. The call center is available 24 hours a day, 7 days a week! Go to www.211ct.org and follow the directions on the web site to locate the type of service, and then the specific resource you need, or: Dial 2-1-1 directly and talk to one of the call specialists who will assist you. You can also reach them, toll-free, at 1-800-203-1234. They can help you locate a resource, provide referrals and crisis intervention services. The service is free and confidential.

CT Department of Social Services: Benefit assistance may also be available by contacting the Department of Social Services (DSS). To find out about the types of services they provide you can reach them at 855-626-6632 or at http://www.ct.gov/dss/site/default.asp.

What if you don't have access to a computer? Most public libraries have computers that are available for public use. They require a library card, but if you don't have one, they will issue you a temporary library card if you can show a picture ID or proof of address. If you have no ID, and if you are staying at a shelter, the library can give you a form to be filled out at the shelter.

What if you don't have access to a phone? You can apply for a free cell phone through the SafeLink Wireless Assistance program, 800-977-3768. This online web site lists those who qualify for the program: https://www.safelinkwireless.com/Enrollment/Safelink/en/Public/NewHome.html or call 2-1-1 for other free phone services for Connecticut residents.

MEDICAID PROGRAMS

For information about Medicaid programs and eligibility: Go to www.211ct.org and under "Search forServices" type in "Medicaid" in the search box.

HOW TO REPLACE DOCUMENTS WHEN YOU HAVE LOST ALL OF YOUR IDS

The United Way 2-1-1 on-line web site contains complete information about how to obtain a:
