Project RETURN www.projectreturnmilwaukee.org

Project RETURN (Returning Ex-incarcerated people To Urban Realities and Neighborhoods) exists to help men and women make a positive, permanent return to community, family and friends. Project RETURN's staff helps clients overcome barriers created by incarceration to help aid in a successful reentry. Programs offered address the direct needs of those we serve, working to increase the prospects of success and lower the chances of recidivism. Often people come to Project RETURN at a time of crisis—not looking beyond their immediate needs. Our experienced staff members, most of whom are formerly incarcerated individuals, work one-on-one with clients to help them to navigate through the moment and look beyond that situation to “next steps.” Whether a client needs assistance with housing of simply someone to vent to, they are welcomed at Project RETURN.
