United Sex Offense Solutions is self-service company dedicated to addressing the many issues unique to those who are accused, affected by or convicted of sex offenses. Our free resource library has thousands of articles, videos, and reports for your review. In addition, we have accumulated various motions and briefs that have been filed with the courts and are public records which can help lead your discussions with legal counsel. Our managing consultant is a former criminal defense attorney of nearly twenty years before losing his license due to a conviction of his own. He can no longer practice law and cannot give legal advice. However, he can consult with legal counsel and can advise on non-legal matters.

Mission: SOSEN upholds laws that are fair, just, and which are based on reliable scientific evidence. Laws which are also designed to protect the Constitutional rights of all citizens. SOSEN's primary mission is to educate the public, the news media, law enforcement and legislators with the true facts about Child Sexual Abuse in an attempt to reduce the unfounded and unwarranted hysteria as a result of misinformation and propaganda. We are striving to incorporate Solutions based on facts that will help change the attitude of our lawmakers from writing and passing legislation which hinders life, liberty and the pursuit of happiness for both registrants and their families.
