I am Christina Ruane,  
a 33yr old native to  
Kenosha, WI and  
Eugene, OR.

Art has always been  
incorporated in my life.

My mother exposed me  
to Art museums and  
exhibits; encouraging  
me and my sister in all  
creative ways.

I remember as early as age 3 indulging in art.

In becoming who I am today and am still becoming, art gave me the room to grow and breathe into the person I am at my core, creation with love and purpose. This piece "imagine" truly was just to let my mind go and dream.
